

BZU 10-00 CATV signal tester analogue/digital

- ✓ Suitable for checking, level control and troubleshooting
- ✓ Analogue channels in the VHF range (f < 300 MHz) and digital channels in the UHF range (f > 300 MHz) can be measured
- ✓ Including: Patch cable (F/F, 30 cm) and Adapter (IEC female/F-female)

Order information

Type	BZU 10-00
Order no.	BZU01000
GTIN	7611682001921
PE	1
VE	1
EU customs tariff number	90303330

Technical data

Frequency range	188...230 MHz (CH 7...CH 12) 334...374 MHz (S 25...S 29)
Measurement range	60...95 dBµV
Impedance	75 Ohm
Connectors	
RF-Input	F-female
General	
Operating voltage	9 VDC (PP3)
Power consumption	450 mW
Current consumption	50 mA
Dimensions (W × H × D) appr.	60 x 120 x 26 mm
Weight	0.110 kg
